We Can Help You Understand the Updates for Section 179

Section 179 Deduction for 2020 increases to \$1,000,000. Businesses purchasing, financing or leasing (Capital or \$1.00 types) new and used equipment in 2019 can elect to expense up to \$1,000,000 under IRS Section 179. The Section 179 rules are designed for small companies, so the write-off is reduced dollar-for-dollar as total equipment purchases for the year exceed \$2,500,000.

100% Bonus Depreciation in 2020. The Bonus Depreciation deduction has increased to 100%. Businesses of all sizes can depreciate 100% of the cost of new and used acquired equipment (on an adjusted basis) retroactive to Sept. 27, 2018 and good thru 2022. Unlike Section 179 there is no cap on the amount that can be depreciated under this provision.

Please consult your CPA or Tax Accountant for further details.
